THE BUSINESS VALUE OF COPILOT AND AI IN THE MODERN WORKPLACE

December 10, 2024

3:00 PM-4:15 PM

Eastern Time

The panel discussion aims to explore the transformative impact of AI on modern work, focusing on the challenges and opportunities that cross-industry executives face in gaining support for and returns on Modern Work investments. The discussion will highlight how AI-powered tools like Copilot can drive revenue growth, cost optimization and employee wellbeing.
