6:00 PM-9:30 PM  
Central European Time

## The Blind Spots in Cybersecurity: Are You Seeing the Full Picture?

As businesses accelerate their cloud adoption, security blind spots are multiplying. AI-powered threats are evolving, compliance frameworks like NIS2 and DORA are redefining risk, and gaining full visibility across hybrid and multi-cloud environments remains a challenge. Are your cloud security strategies truly effective, or are unseen vulnerabilities leaving you exposed?
