## Future-Proofing GenAI: Inside the Strategies of HCLS and SaaS Leaders Getting It Right

The first wave of GenAI proved what's possible. The next wave is about scaling what works—securely, efficiently, and with real business outcomes in mind. Join an invite-only dinner with fellow HCLS leaders, including those building SaaS platforms and digital solutions, to explore how the most forward-thinking teams are moving beyond experimentation and into practical, high-impact GenAI deployments. We'll dive into use cases, measurable results, and the strategies driving innovation across clinical, operational, and commercial domains.
