Value Realization in Pharma with GenAI

We're excited to host a roundtable discussion on scaling the value of Gen AI in the digital transformation journeys in the Pharma industry. The key focus will be on top struggles with the Pharma C-suite - adoption of new technologies, scaling POCs to programs, ensuring data privacy, avoiding harm and reputational risks, Why Attend? Tackle Industry-Specific Challenges: Gain a deeper understanding of the hurdles unique to pharma GenAI integration. Learn from Success Stories: Hear firsthand about implementations that have delivered substantial value and transformation. Strategize for Impact: Uncover practical strategies for scaling GenAI effectively within your operations in full compliance with industry regulations. It provides a chance to connect with industry pioneers, engage in thought-provoking discussions, and shape the future of pharma innovation.
